Likhitha Bhavani

OBJECTIVE

Aspiring Software Developer with knowledge of Java, Python, SQL, and modern web technologies. Passionate about developing efficient software solutions, solving real-world problems, and continuously learning emerging technologies to contribute effectively to software engineering projects.

EDUCATION

Tirumala Engineering College, Narasaraopeta	2024 – 2028
B.Tech in Artificial Intelligence & Machine Learning	CGPA – 8.6 (current)
Sri Chaitanya Junior College, Chilakaluripeta	2022 – 2024
B.Tech in Artificial Intelligence & Machine Learning	CGPA – 9.17
Sai Vikas Educational Institutions, Chilakaluripeta	2021 – 2022
B.Tech in Artificial Intelligence & Machine Learning	CGPA – 9.01

TECHNICAL SKILLS

Programming Languages: Java, Python, DSA (Basics)

Web Technologies: HTML, CSS, SQL, MySQL

Developer Tools: VS Code, Git, GitHub

PROJECTS

Robot Fleet Flow – Fleet Management and Recovery System Sep 2026

- Developed a fleet management and simulation system designed to monitor robot fleet operations, track vehicle status, and visualize fleet recovery workflows.
- Implemented an interactive dashboard for monitoring fleet activities, operational status, routes, and recovery information.
- Designed the system with a focus on real-time operational visualization, responsive user interfaces, and efficient fleet resource management.
- Tech Stack:** React.js, JavaScript, HTML, CSS, Node.js, REST APIs, Git.

Movie Booking System – Core Java Application Jun 2026

- Developed a console-based Movie Booking System using Core Java, enabling users to view movies, book tickets, cancel bookings, and manage seat availability.
- Implemented Object-Oriented Programming concepts including classes, objects, inheritance, polymorphism, encapsulation, abstraction, along with exception handling, collections, file handling, and JDBC for efficient data management.
- Tech Stack:** Core Java, OOP, Collections Framework, Exception Handling, File Handling, JDBC.

Events India – Event Discovery Web Application Dec 2025

- Developed a responsive web application to help users discover and explore events across different cities in India.
- Implemented a mobile-friendly interface with seamless navigation and optimized the website for both desktop and mobile devices.
- Tech Stack:** Java, HTML, CSS, JavaScript, MySQL, Git.

CERTIFICATIONS

NPTEL Certification – Programming in Java	Aug 2024 – Oct 2024
8-Level Hindi Language Certification Program	Sep 2024 – Dec 2024
Infosys Springboard Certifications	Jan 2025 – Apr 2025
Advanced Relational Database	Feb 2025 – Mar 2025
Database Creation and Modeling using MySQL Workbench	Mar 2025 – Apr 2025

SOFT SKILLS

Communication, Problem-Solving, Teamwork, Adaptability

LANGUAGES

- Telugu
- Hindi
